

## ARTICLE VI

### SPECIFICATIONS FOR DOCUMENTS TO BE SUBMITTED

#### 6-101 Sketch Plat

##### 6-101.1 General

Sketch plats submitted to the planning commission, prepared in pen or pencil, shall be drawn to a convenient scale no smaller than two hundred (200) feet to an inch.

##### 6-101.2 Features

A minimum of five (5) copies titled sketch plat shall show:

1. a scale drawing of the property and the names of the owners of adjoining property;
2. size of the original tract(s) being subdivided;
3. notation of any existing legal rights-of-way or easements, or other encumbrances affecting the property;
4. approximate topography of the site, at no more than five (5) foot intervals, extended into adjacent properties;
5. any areas which may be affected by flooding;
6. general public way and lot patterns;
7. proposed phasing, if any;
8. vicinity location map of property;
9. date, approximate north direction;
10. name of owner;
11. name of licensed surveyor.
12. zoning classification of proposed subdivision and adjoining properties;
13. proposed name of subdivision; and
14. flood zone designation with map panel and date as shown on the most current FEMA Publication.

## **6-102 Preliminary Plat**

### **6-102.1 General**

The preliminary plat shall be prepared by a registered surveyor, at a convenient scale no smaller than two hundred feet to an inch (200' - 1"). The plat may be prepared in pen or pencil, and the sheets shall be numbered in sequence if more than one sheet is used. The map prepared for the preliminary plat may be used for the final subdivision plat and should be permanently reproducible. Utility Committee approval is required prior to submittal of the preliminary plat.

### **6-102.2 Features**

A minimum of five (5) copies titled preliminary plat shall include:

1. the location of the property to be subdivided with respect to surrounding property(s) and public way(s);
2. the names of all adjoining property owners of record, or the names of adjoining developments;
3. the names of adjoining public ways;
4. the location and dimensions of all boundary lines of the property, figured to the nearest hundredth (100th) of a foot;
5. the location of existing public ways, easements, water bodies, streams, and other pertinent features, such as swamps, railroads, buildings, parks, cemeteries, drainage ditches, and bridges.
6. the location and width of all existing and proposed easements, alleys, and other public ways, and building setback lines;
7. the location, dimension, and area of all proposed or existing lots;
8. culverts, driveway culvert sizes, associated drainage structures sized along with necessary easements; electrical and telephone easements, detention basins and other structures;
9. the position of all existing or proposed buildings within proposed condominium developments;
10. the location and dimension of all property proposed to be set aside for park or playground use or other public or private reservation, with designation of the purpose thereof, and conditions, if any, of the dedication or reservation;

11. the limits of floodway and floodway fringe areas and the associated regulatory flood elevation and regulatory flood protection elevation, flood zone designation overlay, date and map panel as determined according to flood maps or flood studies as required;
12. the name and address of the owner(s) of land to be subdivided, the subdivider if other than the owner, and the land surveyor or other person preparing the plat;
13. the date of the plat, approximate true north direction, scale.
14. sufficient data to determine readily the general location, bearing, and length of all lines necessary to reproduce such lines upon the ground;
15. name of the subdivision and all new public ways, as approved by the planning commission;
16. the zoning classification of all zoned lots, as well as an indication of all uses other than residential proposed by the subdivider;
17. the distance and bearing of one of the corners of the boundary of the subdivision to the nearest intersection of existing public ways and to the original corner of the original survey of which it is a part;
18. vicinity location map showing relation of the subdivision to all public ways, railroads, and water courses in all directions to a distance of at least one-half (1/2) mile (suggested scale: one inch to two thousand feet 1"=2000');
19. map parcel numbers as recorded on the land tax maps of the county;
20. The following notations:
  - (a) explanation of drainage easements;
  - (b) explanation of site easements;
  - (c) explanation of reservations; and
  - (d) for any lot where public sewer or water systems are not available, the following:
    - (i) areas to be used for sewage disposal and their percolation results, or if the planning commission desires, any other acceptable data to show that the site can be served effectively by septic tanks;
    - (ii) water wells (existing and proposed); and
    - (iii) rock outcroppings, marshes, springs, sinkholes, natural storm drains, and other outstanding topographical features;

21. draft of proposed restrictive covenants, if any, to be imposed and designation of areas subject to special restrictions; and
22. a form for endorsement of planning commission approval of the preliminary plat which shall read as follows:

Approved by the Fayetteville Municipal/Regional Planning Commission, with such exceptions or conditions as are indicated in the minutes of the Commission on \_\_\_\_\_ date.

Preliminary plat approval shall not constitute final approval for recording purposes.

### **6-103 Construction Plans**

#### **6-103.1 General**

Construction plans shall be prepared for all improvements required by these regulations. Plans shall be drawn at a scale of no more than fifty feet to one inch (50'=1"). Plans shall be in compliance with the specifications in Article V, of these regulations. Approval of plans and a permit issued by the building inspector must precede actual construction, and no final plat shall be considered by the planning commission until the required plans have been approved. The construction plans shall be prepared and stamped by a licensed, registered professional surveyor or engineer engaged in the practice of civil engineering.

#### **6-103.2 Features**

A minimum of five (5) copies titled construction plan shall be submitted, showing the following:

1. Profiles showing existing and proposed elevations along center lines of all public ways.
2. Where a proposed road intersects an existing public way or ways, the elevation along the center line of the existing public way within one hundred (100) feet of the intersection.
3. Approximate radii of all horizontal curves, lengths of tangents, and central angles on all public ways.
4. Proposed public ways, as required by the planning commission; where such are required, horizontal stationing shall be no more than fifty (50) foot intervals.
5. Plans and profiles indicating the locations and typical cross-section of public way pavements, including curbs and gutters, sidewalks, drainage easements, rights-of-way, manholes, and catch basins.

6. The location of public way signs.
7. The location, size, and invert elevations of existing and proposed sanitary sewers, storm sewers and culverts , and fire hydrants, showing connection to any existing or proposed utility system.
  - (a) detention basin layout, volume and outlet works detail with pre-construction and post construction capacities.
8. Exact location and size of all water, gas, or other underground utilities or structures.
9. Location, size, elevation, and other appropriate description of any existing facilities or utilities, including but not limited to, existing public ways, sewers, drains, water mains, easements, water bodies, streams, and other pertinent features, such as swamps, railroads, buildings, and features noted on the land development plan or major street or road plan.
10. The water elevations of adjoining lakes or streams and the approximate high- and low-water elevations of such lakes or streams shall be shown. All elevations shall be referred to the U.S.G.S. datum plane.
11. If the subdivision borders a lake, river, or stream, the distance and bearings of a meander line established not less than twenty (20) feet back form the ordinary high-water mark of such waterways.
12. The developer shall prepare for any portion of a subdivision containing a flood prone area, or an area known to be subject to flooding, information necessary for the planning commission to determine the suitability of the particular site for the proposed development, as follows:
  - (a) plans drawn to scale showing the nature, location, dimensions, and elevation of any part of the subdivision within a flood prone area; existing or proposed structures or building sites, fill, storage of materials and floodproofing measures, as specified in these regulations; and the relationship of the above to the location of the stream channel, floodway, floodway fringe, the regulatory flood elevation, and the regulatory flood protection elevation;
  - (b) a typical valley cross-section showing the channel of the stream, elevation of land areas adjoining each side of the channel, cross-sectional areas to be occupied by the proposed development, and high-water information, if required by the planning commission;
  - (c) surface-view plans showing elevations and contours of the ground;
  - (d) pertinent structures, fill, or elevations of public ways;

- (e) water supply, sanitary facilities, soil types, and other pertinent information, as required by the planning commission; and
  - (f) specifications for building construction and materials, flood proofing, filling, dredging, grading, storage of materials, water supply, and sanitary facilities.
13. Contours at vertical intervals of not more than two (2) feet where the proposed subdivision has an average slope of five (5) percent or less, or at vertical intervals of not more than five (5) feet where the average slope exceeds five (5) percent (contours to be field surveyed). Contour intervals shall be one (1) feet, drawn to one inch to fifty feet (1"-50') if sanitary sewer is installed. .
  14. In addition to the other requirements of this section, construction plans for condominium subdivisions shall contain "as built" drawings of all underground utilities, regardless of proposed ownership, and the construction design of all public facilities which are proposed for dedication to the governing body.
  15. A notation of construction plans approval by appropriate persons or governmental representatives.
  16. Title, name, address, stamp and signature of registered professional who prepared the plans.
  17. Date of plans, including any revision dates.
  18. An erosion and sediment control plan shall be prepared for each development required to submit construction plans. Such plan shall demonstrate the manner in which the general principals for erosion and sediment control set out in Subsection 5-102.503, are to be implemented on the site covered by the construction plans.

## **6-104 Final Subdivision Plat**

### **6-104.1 General**

The final subdivision plat shall be prepared on transparent drafting material at a scale no smaller than two hundred (200) feet to the inch on sheets of county register plat book size. The use of an appropriate smaller scale may be permitted for lots larger than two (2) acres. When more than one (1) sheet is required, an index sheet of the same size shall be filed showing the entire subdivision with the sheets numbered in sequence.

The final subdivision plat shall be prepared on transparent drafting material at a scale no smaller than two hundred feet to the inch (200'=1") on sheets of county register plat book size (24" x 30"). The use of an appropriate smaller scale may be permitted for lots larger than two (2) acres. When more than one (1) sheet is required, an index sheet of the same size shall be filed showing the entire subdivision with the sheets numbered in sequence.

Construction plans, if required as described in Section 6-103, of these regulations, shall have been approved prior to planning commission approval of the final subdivision plat.

**6-104.2 Features**

A minimum of five (5) copies titled final plat shall include:

1. The location of the property to be subdivided with respect to surrounding property(s) and public ways.
2. The names of all adjoining property owners of record or the names of adjoining developments.
3. The names of adjoining public ways.
4. The exact boundary lines of the tract, determined by a field survey, showing angles to the nearest minute and distance to the nearest minute and distance to the nearest one hundredth (1/100) of a foot. The adjusted accuracy of the survey shall meet or exceed the standards set forth in Title 62, Chapter 18, of the Tennessee Code, for the category of survey required by these regulations. The category of survey shall be determined according to the average size of lots (see Table below) within the proposed subdivision.

---

**ACCURACY OF SURVEYS\***

<b>Category I</b>	<b>Urban and Subdivision</b>
<b>Category II</b>	<b>Suburban and Subdivision</b>
<b>Category III</b>	<b>All Other Surveys</b>

---

**NOTE:** Surveys must meet the minimum accuracy requirements provided above for the category where the survey is located. The category (I, II, or III, as defined above) must be determined by the surveyor to the best of his knowledge and belief at the time of the survey. Nothing in this rule shall preclude a surveyor from using a greater degree of accuracy than that required as a minimum for any category provided above.

A distance and bearing shall be provided which will link a point on the boundary of the subdivision to a monument in the right-of-way of the nearest prominent public way intersection.

5. The location of all public ways, easements, water bodies, large streams or rivers, railroads, parks, and cemeteries.
6. The limits of floodway and floodway fringe areas and the regulatory flood elevation and regulatory flood protection elevation, flood zone designation overlay, date and map panel: as determined by the planning commission.
7. The location and width of all easements and rights-of-way for public ways, as well as the building setback lines on all lots.

8. The location, dimensions, and area of all lots. All dimensions shall be field run to the nearest one hundredth of a foot and angles to the nearest minute. Lot areas shall be shown to the nearest tenth of a square foot.
9. The location, area, and dimensions, to the accuracy set forth in Item 8 above, of all property to be set aside for park or playground use or other public or private reservation, with a designation of the purpose thereof, and conditions, if any, of the dedication or reservation.
10. The final plat of a condominium subdivision shall contain, in addition to the other information required by this section:
  - (a) an "as-built" building location and boundary survey, to "American Land Title Association" or other similar standards, showing complete and accurate dimensions and angles of the boundary of the parcel(s) on which the condominium is located, together with exterior dimensions and locations relative to those boundaries of the building(s) which constitute the condominium subdivision;
  - (b) some sort of datum plane or other suitable vertical location reference. In meeting these requirements, it is only necessary that the upper and lower limits of each level of each condominium unit be identified specifically in relation to the vertical reference, (e.g., an appropriate permanent monument or other acceptable reference datum or fixed known point). Elaborate exterior elevations and architectural detail are not necessary to satisfy this requirement; and
  - (c) copies of deed covenants, the charter and by-laws of any homeowners' association established; and special information which the planning commission may require to protect the rights of future owners of the condominium or the public in general.
11. The name and address of the owner(s) of the land being subdivided.
12. The name and address of the subdivider if other than the owner.
13. The name and stamp of the land surveyor preparing the plat.
14. The date of the plat, approximate true north direction, scale, and title of the subdivision.
15. Sufficient data to determine readily the location, bearing, and length of all lines necessary to reproduce such lines upon the ground. This shall include the radius, central angle, and tangent distance for the center line of the curved public ways and curved property lines that are not the boundary of curved public ways. The location of all monuments and pins shall be indicated on the plat.
16. The names of all public ways.
17. The zoning classification of all lots, as well as an indication of uses other than residential proposed by the subdivider.

18. The total acreage within the subdivision.
19. Lot numbers, where required.
20. The line size and location of water and sewer facilities.
21. The location of all fire hydrants.
22. The diameter of all driveway culverts.
23. For any lot where public sewer or water system is not available, the following shall be shown:
  - (a) areas to be used for sewage disposal; and
  - (b) water wells (existing and proposed).
24. Applicable certifications in the form reproduced in this section shall appear upon the final plat. All required certificates shall bear the signature of the approving or authorizing agent at the time of application for final plat approval, except that the form for endorsement of the planning commission's approval for recording shall appear unsigned at the time of application for approval.
25. Commitment notes may be printed or stamped on the final plat reflecting location and dimension of easements, or extent of other agreements or factual data, in lieu of drafted illustration, when applicable, and as approved by the planning commission.

**6-104.3 Plat Certificates**

1. Certification showing that the applicant is the landowner; that he offers for dedication public ways, rights-of-way, and any site for public use; and that he consents to the subdivision plan.

**CERTIFICATE OF OWNERSHIP AND DEDICATION**

I (we) hereby certify that I am (we are) the owner(s) of the property shown and described hereon as evidenced in Book Number \_\_\_\_\_, page \_\_\_\_\_, \_\_\_\_\_ County Registers Office, and that I (we) hereby adopt this plan of subdivision with my (our) free consent, establish the minimum building restriction lines, and that offers of irrevocable dedication for all public ways, utilities, and other facilities have been filed.

\_\_\_\_\_, 20\_\_\_\_  
Date

\_\_\_\_\_  
Owner

\_\_\_\_\_  
Title (if acting for partnership or corporation)

2. Certification by a registered land surveyor as to the accuracy of the land survey.

### CERTIFICATE OF SURVEY ACCURACY

I (we) hereby certify that to the best of my (our) knowledge and belief this is a true and accurate survey of the property shown hereon; that this is a Class " \_\_\_\_\_ " Land Survey, as defined in Title 62, Chapter 18, Tennessee Code, and that the ratio of precision is greater than or equal to 1: \_\_\_\_\_.

\_\_\_\_\_, 20\_\_\_\_  
Date

\_\_\_\_\_  
Registered Land Surveyor - Number \_\_\_\_\_.

3. Certification by appropriate governmental or quasi-governmental official(s) that sewage disposal and/or water system(s) has/have been installed.

### CERTIFICATE OF APPROVAL OF WATER SYSTEM

I hereby certify that the water system(s) outlined or indicated on the final subdivision plat entitled \_\_\_\_\_ has/have been installed in accordance with current local and state government requirements, or a sufficient bond or other surety has been filed to guarantee said installation.

\_\_\_\_\_, 20\_\_\_\_  
Date

\_\_\_\_\_  
Name, Title and Agency or Authorized  
Approving Agent

### CERTIFICATE OF APPROVAL OF SEWER SYSTEMS

I hereby certify that the sewer systems outlined or indicated on the final subdivision plat entitled \_\_\_\_\_, have been installed in accordance with current local and state government requirements or a sufficient bond or cash has been filed which will guarantee said installation.

\_\_\_\_\_  
Name and Title of Authorized Approving Agent

**CERTIFICATE OF APPROVAL  
PRIVATE SUBSURFACE SEWAGE DISPOSAL**

General approval is, hereby, granted for Lots \_\_\_\_\_ thru \_\_\_\_\_, as defined in the Subdivision Section \_\_\_\_\_, Lincoln County Tennessee. The following shall be defined as general restrictions and shall apply to all lots with specific restrictions on each lot following general restrictions.

General Restrictions: Prior to any construction of a structure, permanent or mobile, the plans for the exact house/structure location and the subsurface sewage system must be approved by the Environmental Specialist with the Division of Ground Water Protection in Lincoln County. Any cutting or filling may render the site unsuitable. Drainage ways, gullied areas, cut and fill material and disturbed soil areas are unsuitable for sewage disposal areas. Structures must be properly located to obtain gravity flow to drain field or a pump will be required. Water taps, waterlines and driveways should be located at side property lines unless otherwise noted. The High Intensity Soils Map designating suitable soil areas for this subdivision is on file at the Environmentalist's office.

**S.S.D. denotes Subsurface Sewage Disposal System.**

Conditions are as follows:

Date

\_\_\_\_\_  
Environmental Specialist

6. Certification on the final plat by appropriate governmental representative that the subdivider has complied with one of the following:
- (a) installation of all public way improvements in accordance with the requirements of these regulations; or
  - (b) in lieu of compliance with subdivision improvement requirements, certification that surety has been posted by the subdivider in an amount approved by appropriate governmental representative to guarantee completion of all improvements.

**CERTIFICATE OF APPROVAL  
OF PUBLIC WAYS FOR BOND POSTING**

I hereby certify: (1) that all designated public ways on this final subdivision plat have been installed in an acceptable manner and according to the specifications of the Fayetteville Subdivision Regulations, or (2) that a performance bond or other surety has been posted with the planning commission to guarantee completion of all required improvements in case of default.

\_\_\_\_\_, 20\_\_\_\_  
Date

\_\_\_\_\_  
Appropriate Governmental Representative

7. For a subdivision containing common open space or facilities, certification on the final plat of dedication of common areas in accordance with procedures established in these regulations.

**CERTIFICATION OF COMMON AREAS DEDICATION**

Owner(s) in recording this plat has/have designated certain areas of land shown hereon as common areas intended for use by the homeowners within \_\_\_\_\_ for recreation and  
(Name of Subdivision)

related activities. The above described areas are not dedicated for use by the general public, but are dedicated to the common use of the homeowners within the named subdivision.

"Declaration of Covenants and Restrictions", applicable to the above named subdivision, is hereby incorporated and made a part of this plat.

\_\_\_\_\_, 20\_\_\_\_  
Date

\_\_\_\_\_  
Owner(s)

8. Certification on the final plat of planning commission approval for recording of the plat.

**CERTIFICATE OF APPROVAL FOR RECORDING**

I hereby certify that the subdivision plat shown hereon has been found to comply with the Fayetteville, Tennessee Subdivision Regulations, with the exception of such variances, if any, as are noted in the minutes of the planning commission, and that it has been approved for recording in the Office of the County Register.

\_\_\_\_\_, 20\_\_\_\_  
Date

\_\_\_\_\_  
Secretary, Planning Commission

9. Notation of Possible Flooding -- If any portion of the land being subdivided is subject to flooding as defined in these regulations, a notation shall be made on the plat that development or modification of the land within any floodway delineated within plat is prohibited and that development within floodway fringes delineated on the plat shall be done in such a manner that any structure shall be protected against flood damage to at least the regulatory flood protection elevation, which elevation shall be stated in the notation. Any additional restrictions imposed by the planning commission upon development within flood prone areas also shall be indicated on the plat.
10. Notation of Health Restrictions -- Any modifications or limitations which may be imposed by the state or county health department shall be clearly indicated on the plat.
11. Notation of Private Restrictions -- Private restrictions and trusteehips and their periods of existence shall be indicated on the plat. Should these restrictions or trusteehips be of such length as to make their lettering impracticable and thus necessitate the preparation of a separate instrument, reference to such instrument shall be made on the plat or, if the restrictions and trusteehips are of record, the plat shall note where they are recorded.

#### **6-105 Form of Dedication Offer**

The form of the offer of irrevocable dedication, required by Subsection 3-104.1, Item 5, of these regulations, shall be as reproduced in this section and approved by the city attorney. The form may be modified as required by the city attorney.

Copies of this form may be obtained at the office of the enforcing officer.

**FORM FOR OFFER OF  
IRREVOCABLE DEDICATION**

**AGREEMENT** made this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_, by and between \_\_\_\_\_, and \_\_\_\_\_, having its office and place of business at Fayetteville, Tennessee, hereinafter designated as the "local government".

**WHEREAS**, the Fayetteville Municipal/Regional Planning Commission is in the process of approving a subdivision plat entitled, \_\_\_\_\_, dated, \_\_\_\_\_, and made by \_\_\_\_\_; and

**WHEREAS**, said map designates certain public improvements consisting of \_\_\_\_\_ to be dedicated to the City of Fayetteville, Tennessee, free and clear of all encumbrances and liens, pursuant to the requirements of the planning commission and the local government; and

**WHEREAS**, the developer, simultaneously herewith, shall post a performance bond with the city for the construction, maintenance, and dedication of said improvements, if required;

**WHEREAS**, the developer is desirous of offering for dedication the said improvements and land to the city more particularly described in Schedule \_\_\_\_\_, attached hereto;

**WHEREAS**, the developer has delivered deeds of conveyance to the city for the said land and improvements as described herein;

**NOW, THEREFORE**, in consideration of the sum of one dollar (\$1.00) lawful money of the United States paid by the city to the developer and other good and valuable consideration, it is mutually **AGREED** as follows:

- A. The developer herewith delivers to the city deeds of conveyance for the premises described in Schedule \_\_\_\_\_, attached hereto, said delivery being a formal offer of dedication to the city until the acceptance or rejection of such offer of dedication by the city.
- B. The developer agrees that said formal offer of dedication is irrevocable and can be accepted by the city at the time.
- C. The developer agrees to complete the construction and maintenance of the land and improvements pursuant to the performance bond and the requirements of the Fayetteville Municipal/Regional Planning Commission and any ordinances, regulations, requirements, covenants, and agreements that may be imposed by the city with respect, thereto, and, upon acceptance by the city of the offer of dedication, furnish to the city a sworn statement certifying that the premises are free and clear of all liens and encumbrances and shall furnish to the city a check for all necessary fees and taxes to record the deeds heretofore delivered.

D. That this irrevocable offer of dedication shall run with land and shall be binding on all assigns, guarantees, successors, or heirs of the developer.
